

# Termly Curriculum Overview Year: 6 Term: 2 2025 Belonging Believing Achieving

<p><b>English</b></p> <p>We will begin this term with an independent write celebrating Black History. We will then be continuing our class novel Now or Never and planning and producing writing with an increasing variety of sentence structures, cohesive devices and 'author' voice. Our text also links with our RE and History work about Remembrance and WWI I. Later on in the term, we will be reading about and researching significant women in history, as part of a non-fiction unit of work. Finally, we will be reading, rehearsing and performing in readiness for our annual Christmas poetry performance. Year 6 will also be carrying out assessments in reading and SPaG this term, to carry out a gaps analysis to further support them in their work towards completing their SATs in May.</p>	<p><b>Mathematics</b> <a href="https://whiteroseeducation.com/resources">https://whiteroseeducation.com/resources</a></p> <p>This term, Year 6 will develop their understanding of fractions. We will be using our understanding of multiples and factors from Term 1 to find equivalent fractions and to simplify a fraction to its simplest form. We will calculate fractions using all 4 calculations and find common denominators to help us solve these. Strong times table knowledge will be essential in supporting Year 6 with their understanding and success in solving problems with fractions. In addition to our work on fractions, Year 6 will continue to practise their calculation skills to solve arithmetic problems. We will continue to develop our understanding and application of long multiplication and division using integers and decimal numbers. We will also be carrying out assessments in maths to enable gap analysis to further support Year 6 in their work towards completing their SATs in May.</p>	
<p><b>Religious Education</b> <a href="https://ldbs.co.uk/ldbs-primary-re-syllabus-academic-year-2023-24/">https://ldbs.co.uk/ldbs-primary-re-syllabus-academic-year-2023-24/</a></p> <p>We begin Term 2 consolidating our understanding of 'Remembrance'; reflecting on how and why people remember during poignant events (such as Remembrance Day). Following on from this, we will move on to our next topic: 'Advertising Christmas for Christians' where we consider the important message that Christmas means to Christians and how this can be portrayed in mainstream media.</p>	<p><b>Science</b> <a href="https://www.kapowprimary.com/">https://www.kapowprimary.com/</a></p> <p>This term, we will be learning about electricity and strengthening our understanding of circuits. We will be conducting several exciting experiments as we deepen our understanding in this area of physics. The children will carry out fair tests, observations and explain their findings in a variety of ways.</p>	<p><b>Computing</b> <a href="https://sites.google.com/redbyteed.co.uk/londoncomputing/home">https://sites.google.com/redbyteed.co.uk/londoncomputing/home</a></p> <p>We will be developing our IT skills by: selecting, using and combining a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information.</p>
<p><b>Physical Education</b> Invasion Games We will learn how to move in a confined space (avoiding others) with a ball as individuals, in pairs &amp; in small groups, the principle of running forwards while passing backwards and how to re-align to receive the next pass. The pupils will be able to suggest appropriate rules for the game to keep it going &amp; improve it. Gymnastics - This will involve contrasting, matching and mirroring balances and movements, adapting and transferring sequences from floor to apparatus.</p>	<p><b>Music</b> <a href="https://charanga.com/site/musical-school/">https://charanga.com/site/musical-school/</a></p> <p>This term we are busy preparing for our festive performances. We will learn to sing a broad repertoire of traditional and modern carols with expression and from memory. The children will consolidate their knowledge of orchestral instruments through music appreciation of a variety of contrasting recorded performances.</p>	<p><b>Geography</b> <a href="https://www.kapowprimary.com/">https://www.kapowprimary.com/</a></p> <p>Our topic for Geography this term is 'Why Does Population Change?'. Pupils will identify sparsely and densely populated areas, define birth and death rates and begin to describe things that might influence people to live in a certain area. Pupils will also use a variety of data collection methods and suggest an idea to improve their environment.</p>
<p><b>Spanish</b> <a href="https://www.languageangels.com/schools/myaccount">https://www.languageangels.com/schools/myaccount</a></p> <p>Year 6 will recap their prior Spanish knowledge and become confident in their understanding of the key phonemes to facilitate accurate and authentic pronunciation as part of their language learning experience. They will develop the knowledge and skills to be able to introduce themselves, say how they feel and have a wider appreciation for the country/countries where Spanish is spoken.</p>	<p><b>Art and Design Technology</b> <a href="https://www.kapowprimary.com/">https://www.kapowprimary.com/</a></p> <p>We will start the term by completing our clay poppies for our Remembrance Day observation. In DT, Year 6 will be designing and making Christmas decorations to sell at our Christmas Fair. Year 6 will be sewing ornaments and developing their hand stitching skills as well as embroidery stitching skills.</p>	<p><b>PSHE</b> <a href="https://www.kapowprimary.com/">https://www.kapowprimary.com/</a></p> <p>Our topic this term for PSHE is Health and Wellbeing. Pupils will create achievable goals, understand the impact of technology on wellbeing, develop resilience, understand how vaccination works and begin to learn to identify changes in their bodies that could indicate illness.</p>
